Wood Filament

Both the ModelSmart Pro 280 and the ModelSmart Pro 200 can print with our amazing wood filament! Check out our model library for some fantastic wooden model ideas.

Wood

A circular filament cartridge for STEDI. The top half is white with the word "Wood" in black. The bottom half is clear, showing the spool of filament. The STEDI logo is prominently displayed in the center. Below the logo, it says "Wood 750g" and "www.ST3D.com". There are also QR codes and smaller text on the left side of the cartridge.

Weight	750g
Material	Wood
Compatibility	ModelSmart Pro 280 / ModelSmart Pro 200
